

"A Drug Free Community"

How can we help you to be better prepared?

For more than 20 years, those involved in ***National Alcohol and Drug Addiction Recovery Month*** have worked to improve the lives of millions of Americans in need of treatment and recovery services, to celebrate individuals who have achieved long-term recovery and to acknowledge those working in the field who provide treatment and recovery services. As you may know, the negative effects of mental and substance use disorders ripple throughout communities nationwide. Over the years the Substance Abuse and Mental Health Services Administration, in collaboration with partners and supporters, has demonstrated that treatment is effective and people recover.

In an effort to raise awareness and the effectiveness of treatment and the hope of recovery, we are encouraging individuals to share their stories of recovery in our worship services during the month of September.

Our motto is ***"A Drug Free Community - How can we help you be better prepared"***. By educating our community about the need for treatment, recovery services and the benefits of life-long recovery, you will help start the healing process for individuals and families across the nation. If you would like to participate in worship service during the month of September please call the church office at 918-256-3665 or Tonya at 918-791-8056 or Jeanne at 918-257-0912. We appreciate your help in making our community a Drug Free Community.
